Michael Trudeau Named Employee of the Month at Day Kimball Healthcare

PUTNAM, CONN. – Michael Trudeau has been named employee of the month for November at Day Kimball Healthcare (DKH). He is a plant maintenance plumber in the facilities management department at Day Kimball Hospital.

“Mike is a talented and nice guy,” said Greg Harubin, director of facilities. “He always helps, contributes, and goes out of his way to do the proper or kind thing. Mike is a pleasure to work with; we’re lucky to have him as part of our team.”

Trudeau started his career at C.R. Trudeau Plumbing & Heating in 1986. In 2003, he accepted a position as a plumber at Day Kimball Hospital. Today, Trudeau is responsible for installation, layout, and maintenance of Day Kimball’s main gas and water operation, including associated fixtures such as laboratory and sanitary equipment. Trudeau is also a member of the DKH customer service council. He holds plumbing, heating and medical gas licenses, and is also a licensed operating engineer in the State of Connecticut.

“I am still in awe and disbelief from hearing the news of being selected,” said Trudeau, when he was notified of his recognition as DKH’s employee of the month. “My fellow facilities team members are some of the most knowledgeable people in their respective fields; they are a pleasure to work with. It makes me happy to be part of an organization that truly helps people in need. Just knowing that we can make a difference in somebody’s life makes me feel that this is more than just a job.”

Originally from Thompson, Connecticut, Trudeau currently lives in Putnam, Connecticut with his family. For the past five years, he has served as an assistant scout master for Troup 66 in North Grosvenordale.
