**LATHA DULIPSINGH, M.D., FACP., FACE., JOINS SAINT FRANCIS**  
*Specialist in Endocrinology*

*(Hartford, Conn. June 13, 2013)* –Latha Dulipsingh, M.D., of West Hartford, a specialist in endocrinology, has joined the medical staff at Saint Francis Hospital and Medical Center as the Population Management Director, Diabetes and Metabolic Services.

Dr. Dulipsingh received her medical degree from the University of Madras in India and completed her residency in Internal Medicine at University of Connecticut Health Center, and her fellowship in Endocrinology and Metabolism at University of Connecticut Health Center.

Dr. Dulipsingh is American Board certified in Internal Medicine and Endocrinology and Metabolism. She is also certified in Clinical Densitometry by the International Society of Clinical Densitometry. She was previously Director of the Division of Endocrinology and Bone Health, Medical Director of Joslin Diabetes Center, affiliate of The Hospital of Central Connecticut, New Britain.

At Saint Francis, Dr. Dulipsingh is practicing as a member of the Saint Francis Medical Group.

**About Saint Francis Care**

Saint Francis Care is an integrated healthcare delivery system established by Saint Francis Hospital and Medical Center, an anchor institution in north central Connecticut since 1897. Licensed for 617 beds and 65 bassinets, it is a major teaching hospital and the largest Catholic hospital in New England. Other major entities of Saint Francis Care include The Mount Sinai Rehabilitation Hospital, the Connecticut Joint Replacement Institute, the Hoffman Heart and Vascular Institute of Connecticut, the Saint Francis/Mount Sinai Regional Cancer Center, the Joyce D. and Andrew J. Mandell Center for Comprehensive Multiple Sclerosis Care and Neuroscience Research, and Saint Francis HealthCare Partners. Johnson Memorial Medical Center, parent organization of Johnson Memorial Hospital, Evergreen Health Care Center, and Home and Community Health Services is also a Saint Francis Care Partner. Saint Francis Care's services are supported by a network of five major Access Centers and eight additional medical office centers sited throughout the region.
