Lawrence & Memorial is a private, not-for-profit hospital serving a primary community area of approximately 250,000 people in Southeastern Connecticut, western Rhode Island, and Fishers Island, New York. The hospital's main focus is to provide a full continuum of patient care and related diagnostic, therapeutic, and outpatient services. The hospital is the region's only provider with an inpatient rehabilitation unit, newborn intensive care unit, two cardiac cath labs offering Emergency Angioplasty, a Primary Stroke Center, and a Community Cancer Center that provides comprehensive oncology services including radiation, medical, surgical, and gynecological oncology care.
