Stamford Hospital is a not-for-profit, community teaching hospital serving Stamford and surrounding communities for more than 100 years. It has 305 inpatient beds in medicine, surgery, obstetrics/gynecology, psychiatry, and medical and surgical intensive care units. The hospital maintains an educational partnership with Columbia University College of Physicians and Surgeons for its teaching programs in internal medicine, family practice, psychology, obstetrics/gynecology, and surgery. Stamford Hospital is also a member of the New York-Presbyterian Healthcare System and the Planetree Alliance.

Along with other affiliates of Stamford Health System, the hospital provides a continuum of care to meet the needs of the entire community.

SERVING OUR COMMUNITY'S NEEDS

Hope in Motion Walk, Run, & Ride

Held annually on the first Sunday of June, this event attracts thousands of people who come together to walk in honor or in memory of someone they love who has been touched by cancer. Funds support programs for cancer prevention, treatment, and research, as well as community education and wellness programs.

Mobile Mammography Program

The Mobile Mammography program offers free mammography screenings to women over age 35 who do not have medical insurance or other financial resources.

Paint The Town Pink

Paint the Town Pink is a community partnership during the month of October, Breast Cancer Awareness Month. Many activities are planned during the month to support breast cancer screening and detection.

Support Groups

Cancer Family Support; Heart Smart; Diabetes Support; Insulin Pump Support; Lymphedema; Alzheimer's Association Family Support; Women's Group; Hip & Knee Joint Replacement. Go to www.stamfordhospital.org for a full list of community programs.

Health Fairs and Health Screenings

Community, corporate, and hospital-based health fairs for the general public are ongoing. Screenings are offered at different times throughout the year and include prostate, skin cancer, diabetes/blood sugar, blood pressure, depression, colorectal, and cholesterol. Health and wellness education lectures are offered on a variety of topics throughout the year.
