HB 6592, An Act Concerning Certification Of Classical Homeopaths

The Connecticut Hospital Association (CHA) appreciates the opportunity to submit testimony concerning **HB 6592, An Act Concerning Certification Of Classical Homeopaths**.

The bill requires the Commissioner of the Department of Public Health to establish certification requirements for classical homeopaths. The scope of practice for certified classical homeopaths was reviewed during the recently completed Department of Public Health scope of practice review process.

CHA was pleased to participate in the Review Committee and encourages the Public Health Committee to use the findings and conclusions identified in the report, *An Act Concerning the Department of Public Health's Oversight Responsibilities Relating to the Scope of Practice Determinations: Scope of Practice Review Committee Report on Classical Homeopaths*," if the Committee decides to take on action on this bill.

Thank you for your consideration of our position.
