**DAY KIMBALL HEALTHCARE PARTNERS WITH CAREPAYMENT® TO OFFER  
INNOVATIVE PATIENT-PAY SOLUTIONS FOR DAY KIMBALL HOSPITAL PATIENTS**

PUTNAM, Conn. – Day Kimball Healthcare today announced that it is partnering with CarePayment® to offer the company's innovative patient-pay solutions program to its Day Kimball hospital patients. Designed to empower patients with the ability to have more flexibility and financial control over their healthcare expenditures, the CarePayment program enables patients to pay for hospital services at 0% interest over a period of 25 months.

“We strive to provide high quality healthcare that is convenient and affordable to those who need it, and the CarePayment program helps us meet that goal,” explained Sarah Ginnett, director of revenue cycle for Day Kimball Healthcare. “It also helps us improve patient satisfaction by offering a program that is flexible.”

CarePayment is a patient-centric program that gives patients confidence that they can afford the best care. The program makes unexpected medical bills less burdensome for those who are facing the rising costs of insurance plan deductibles, co-payments and other out-of-pocket costs, or are presently uninsured.

“We are excited about the opportunity to partner with Day Kimball to offer their patients a reasonable way to pay for their care” stated Jim Quist, CEO of CarePayment. “CarePayment is designed to help hospitals and health systems such as Day Kimball provide an additional outstanding service to the community.”

CarePayment is an innovative program that helps hospitals reach out to a larger population of patients. Patients enjoy greater access to hospital services and experience higher levels of satisfaction. Hospitals benefit from immediate funding for patient-pay receivables and other financial advantages. For additional information, please call (800) 316-4350 or visit [www.carepayment.com](http://www.carepayment.com).
