**Madeleine Biondolillo, MD, Joins CHA as Vice President,
Population Health Management**

WALLINGFORD – The Connecticut Hospital Association (CHA) welcomes Madeleine Biondolillo, MD, as Vice President, Population Health Management. In this role, Dr. Biondolillo will lead CHA’s strategic focus on advancing population health strategies and health equity, supporting hospitals in the implementation of new risk-based healthcare delivery and payment models, and leading CHA’s participation in the development and implementation of state and federal innovation efforts.

Dr. Biondolillo brings a wealth of experience to CHA, with strong experience in operations management, contracting/finance, and population health and performance management in public health and healthcare organizations. Prior to joining CHA, Dr. Biondolillo served as a consultant for Beth Israel Deaconess Care Organization PIONEER ACO in Boston, Mass. While there, she worked on the development of population health strategy and methodology for complex care management programs and post-acute care strategy and systems for patients with severe chronic medical and behavioral illnesses. Her experience also includes development of post-acute care preferred provider networks, the development of bundled payment methodologies, and education on population health management programs including clinical and financial outcomes and metrics.

Prior to her work with Beth Israel Deaconess, Dr. Biondolillo was Associate Commissioner for the Massachusetts Department of Public Health, where she directed the Office of Health Policy and Planning and helped create the State Health Improvement Plan and the State Health Resource Plan for behavioral health and cardiac services. In this capacity, she also served as the DPH representative to various state agencies including Medicaid (MA Health) and the Department of Mental Health. Earlier in her career, she served as Executive Director, Urban Medical Group in Boston, a community-based practice providing primary care for medically underserved populations, including adults with severe chronic illnesses, and frail elders in nursing homes. She also previously worked as a hospitalist.

Dr. Biondolillo attended Tufts University Medical School, and trained at MetroWest Medical Center and New England Medical Center in Boston.

About CHA

The Connecticut Hospital Association has been dedicated to serving Connecticut's hospitals since 1919. Through state and federal advocacy, CHA represents the interests of Connecticut's hospitals on key healthcare issues in the areas of quality and patient safety, access and coverage, workforce, population health, health equity, and value-based reimbursement.
