Parker Memorial Community Center COVID-19 Vaccine Clinic to Accept Limited Walk-In Appointments

HARTFORD, Conn. (April 22, 2021) – Trinity Health of New England Continues to prioritize COVID-19 vaccinations to our most vulnerable neighbors. As a part of our Mission and Core Values, we pride ourselves on our ability to provide equitable care for all community members, which includes bringing the COVID-19 vaccine into local neighborhoods to ensure easy, efficient access.

To enhance these efforts, the COVID-19 Vaccine Clinic located at Parker Memorial Community Center, 2621 Main St. Hartford, will be open for limited walk-in availability, as supply allows, starting today, April 22, through Friday, April 30. The clinic is open from 9:30 a.m. to 3:30 p.m. daily (closed for lunch from 12:00 to 12:40 p.m.)

It is recommended that patients bring their photo ID and insurance card, but will not be turned away without either.

As responsible stewards of the vaccine, we are dedicated to the careful allocation and use of every vaccine dose provided to us. The hope is that by allowing walk-ins to the Parker Memorial Community Center clinic, when supply allows, it will increase the ease of access to the vaccine for the local community, balancing out those who cancel an appointment at the last minute or don't come to their scheduled appointment.

Across the state of Connecticut, Trinity Health Of New England has administered over 145,000 doses of the COVID-19 vaccine, including over 82,000 in Hartford alone across our multiple clinics.

About Saint Francis Hospital

Saint Francis Hospital has been an anchor institution in Connecticut since 1897. Saint Francis is a member of Trinity Health Of New England and Trinity Health, one of the largest multi-institutional Catholic health care delivery systems in the nation. Saint Francis Hospital, a Level 1 Trauma Center, is a 617-bed hospital, a major teaching hospital, and the largest Catholic hospital in New England. Other Saint Francis entities include the Comprehensive Women's Health Center, the Connecticut Joint Replacement Institute, the Hoffman Heart and Vascular Institute of Connecticut, the Smilow Cancer Hospital Yale-New Haven at Saint Francis, Trinity Health Of New England Medical Group, and Community Health and Well Being, which includes the Curtis D. Robinson Center for Health Equity, the Joan C. Dauber Food Pantry, and the Greater Hartford Family Advocacy Center. Follow us on Facebook, Instagram and Twitter @SaintFrancisCT
